Chemistry Science Fair Projects - [Free] Chemistry Science Fair Projects [PDF] [EPUB] In this chemistry science fair project, you will investigate another possible factor in making water corrosive for copper — the pH of the water. To learn more about pH, you can check out the Science Buddies Acids, Bases, & the pH Scale guide. You will test the theory that acidic water is more corrosive for copper pipes than non-acidic water. In the procedure, dingy copper pennies will be ... - Wed, 17 Oct 2018 23:56:00 GMT Education | USAGov Mag-nificent Breakfast Cereal | Science Project This project was adapted from a student project submitted to the Marin County Science Fair in California.
