Contesting Archives: Finding Women in the Sources examines the role of archival materials in the creation of feminist histories. In this volume, contributors analyze various archival sources to determine what kinds of information they can yield about women and gender historically, even when the materials themselves were not meant to preserve women's lives and experiences. By emphasizing the practice of recovering knowledge, these authors highlight the various strategies available for ... Contesting archives : finding women in the sources ... Contesting Archives: Finding Women in the Sources - Goodreads The contributors of Contesting Archives challenge the assumption that an archive is a neutral, immutable, and a historical repository of information. Instead, these historians view it as a place where decisions are made about whose documents--and therefore whose history--is important. Finding that women's voices and their texts were often obscured or lost altogether, they
