This weekly series offers workflow enhancements, customizations, and shortcuts for every Revit user. What Revit Wants » What Revit Wants Revit Users do a lot of funny (and sometimes quite terrible) things. BIM Managers have spent years trying to control the chaos, through training, documentation, standardisation, model auditing, Big Brother techniques, and a mixture of carrots and sticks. Courses - Hyperfine Architecture The course has started! Get 7 new study assignments a week for 6 weeks. Weeks 1-5 are available for immediate download. Week 6 will be ready next week and the course will be complete and you can get the entire thing all at once. FEM-Design 15 Download center Revit Structure users should download the StruSoft StruXML Revit Add-In, which is necessary to export a Revit analytical model into FEM-Design in struxml format, or import a FEM-Design model into Revit. Civil 3D strange cursor icon - cadpanacea.com If you are a Civil 3D user and you see a strange icon next to your cursor during certain operations, you are not alone. It seems to be an issue in Civil 3D 2019, and it looks like a tiny 3D button below and to the right of the crosshair. It apparently appears during manual Point creation. See
