fitting that I write this introduction in jail- that graduate school of survival. Here you learn how to  
use toothpaste as glue, fashion a shiv out of a spoon and build intricate communication  
networks. 160 Consulting Case Interview Questions | Impact Interview An asteroid is going to hit  
the earth and destroy 100% of it. You have several options: create a missile to destroy it  
(blowing it into several particles which will still impact the earth but destroy only 50%), or create  
a missile to push it out of the way (this only has a 50% chance of working though). Warner
